

# KEYFOB

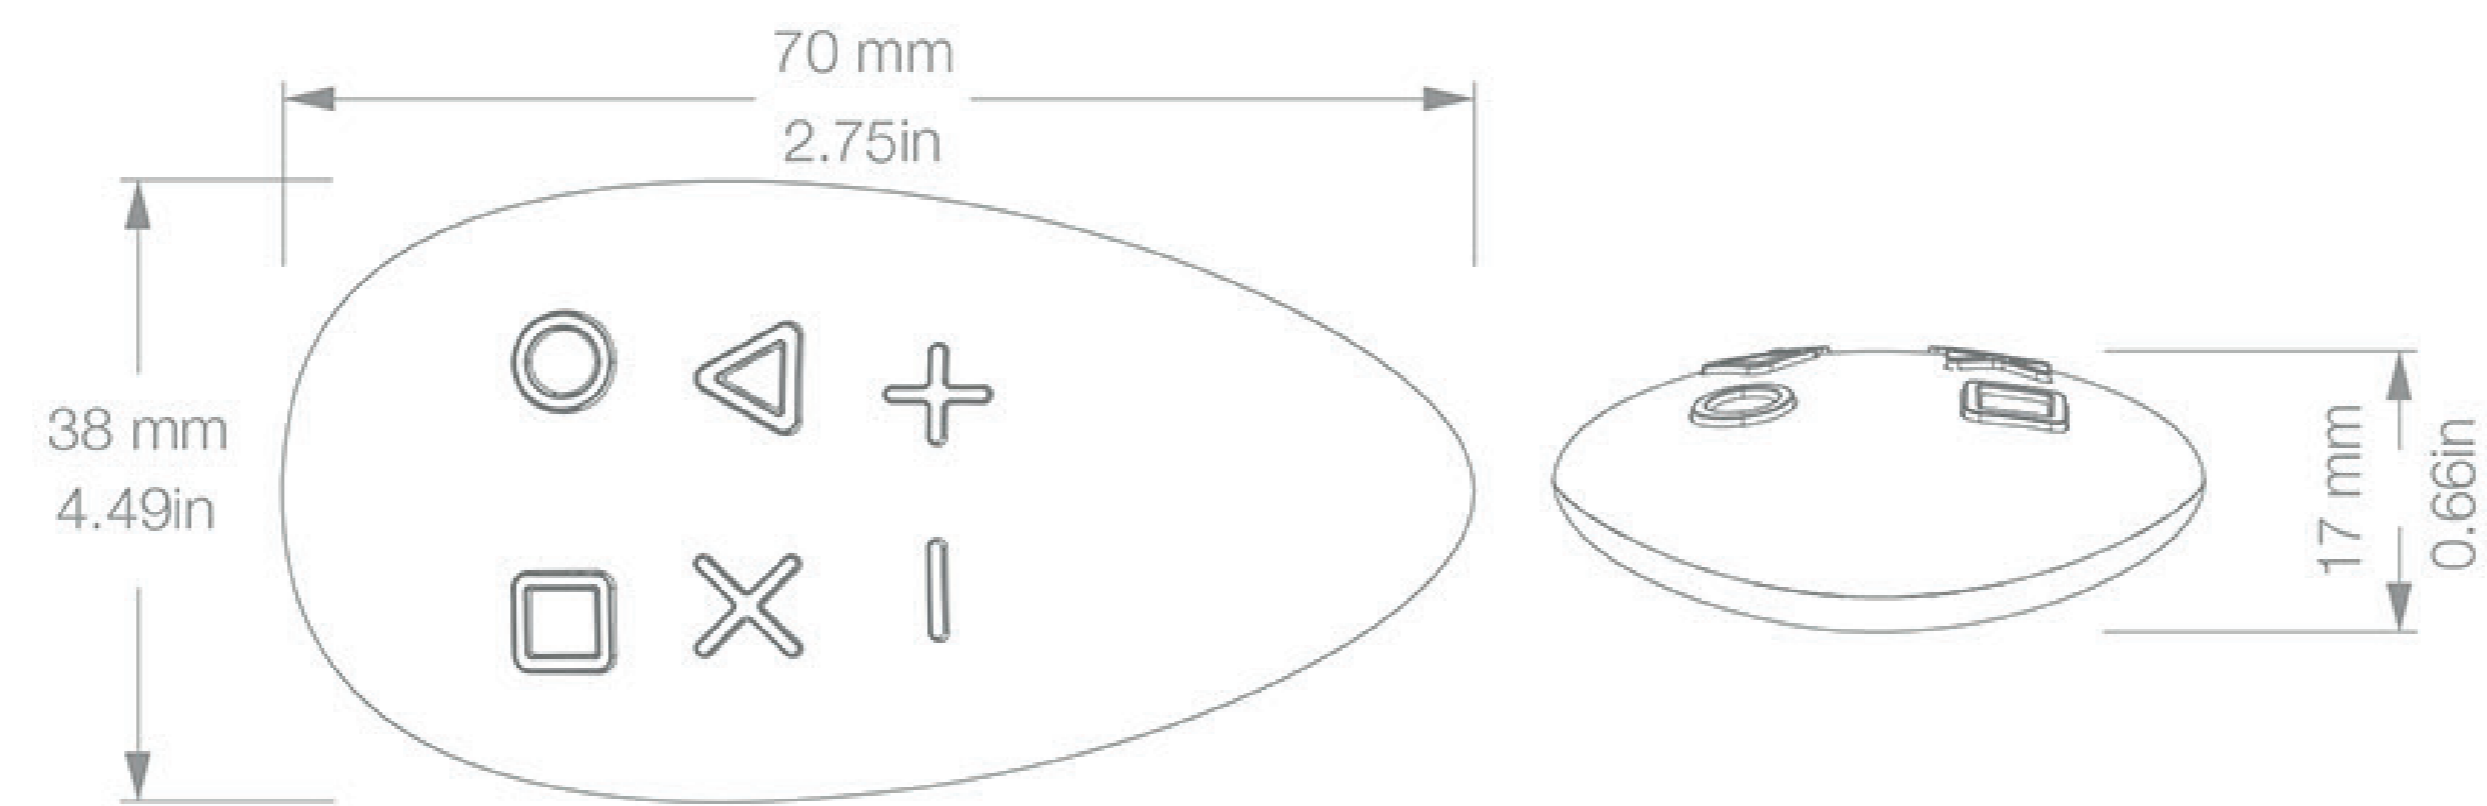

The Remote Control for Your Home

 **FIBARO**<sup>®</sup>  
Home intelligence

# IDEALLY DESIGNED

KeyFob was designed with precise attention to detail. Its ergonomic and compact shape allow it to fit perfectly in your hand, and pocket, while raised buttons allow for intuitive clicking.

# PERFECTION IN EVERY ELEMENT

KeyFob's modern design is only the first layer of its perfection. Inside the device lies the most advanced electronic technology developed by FIBARO engineers to meet and exceed all possible smart home challenges.

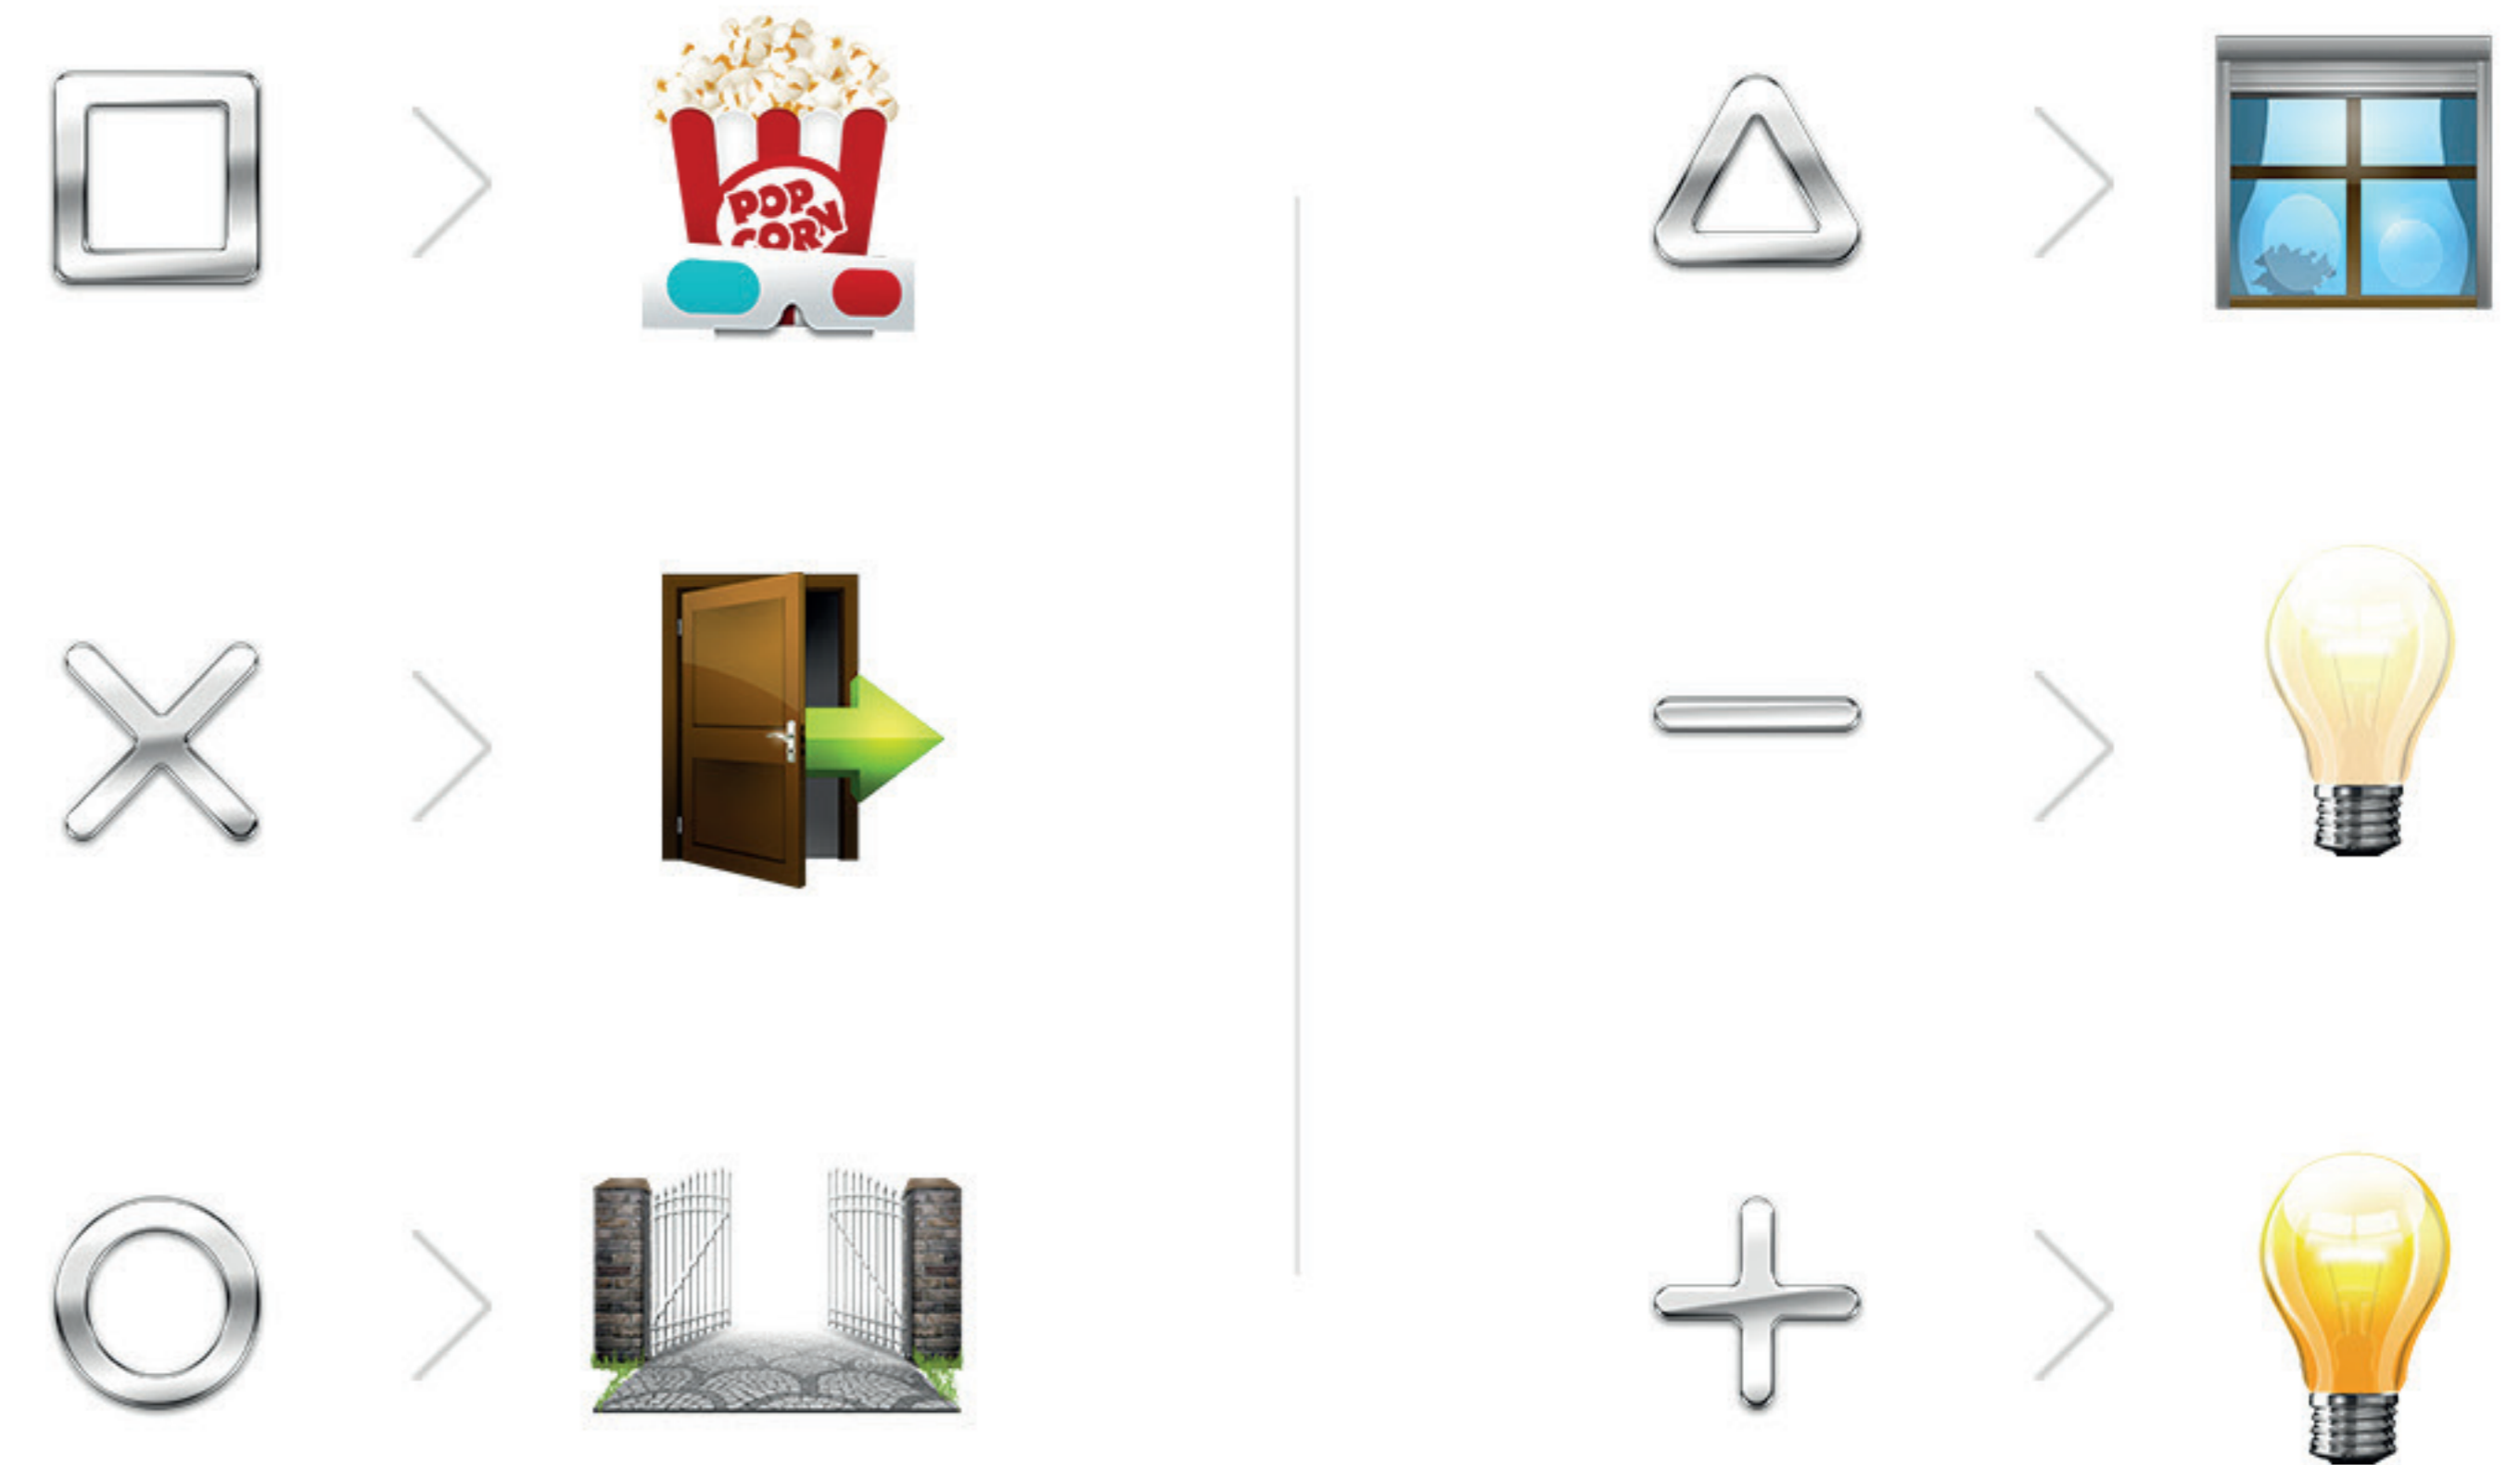

# QUICK AND EASY INCLUSION

Adding a device to the system is as intuitive as using it.  
Quick-start KeyFob and feel like everything just got a lot easier.

The example configuration of button

# TRY 24 COMBINATIONS...

Each button press responds to an option of 1, 2 or 3 clicks and holding a button down. That's a total of up to 24 possibilities.

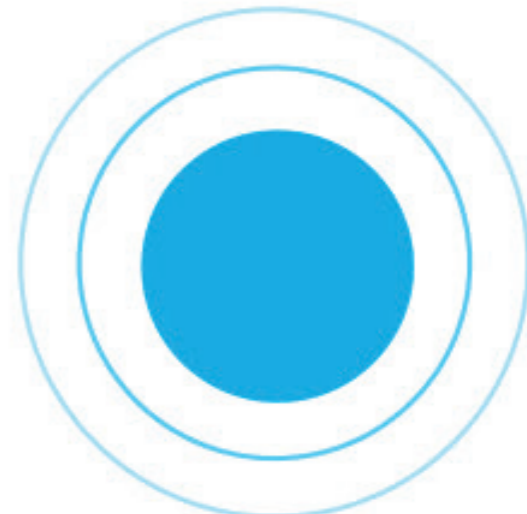

click

click

hold

## ... AND ADD 6 SEQUENCES

To set up for the six sequences use combination of 2 to 5 buttons. This gives a total of 30 possible actions.

## MINDFUL OF SAFETY

KeyFob comes with a fully configurable, automatic pin lock that effectively protects against accidental clicks or unauthorized use.

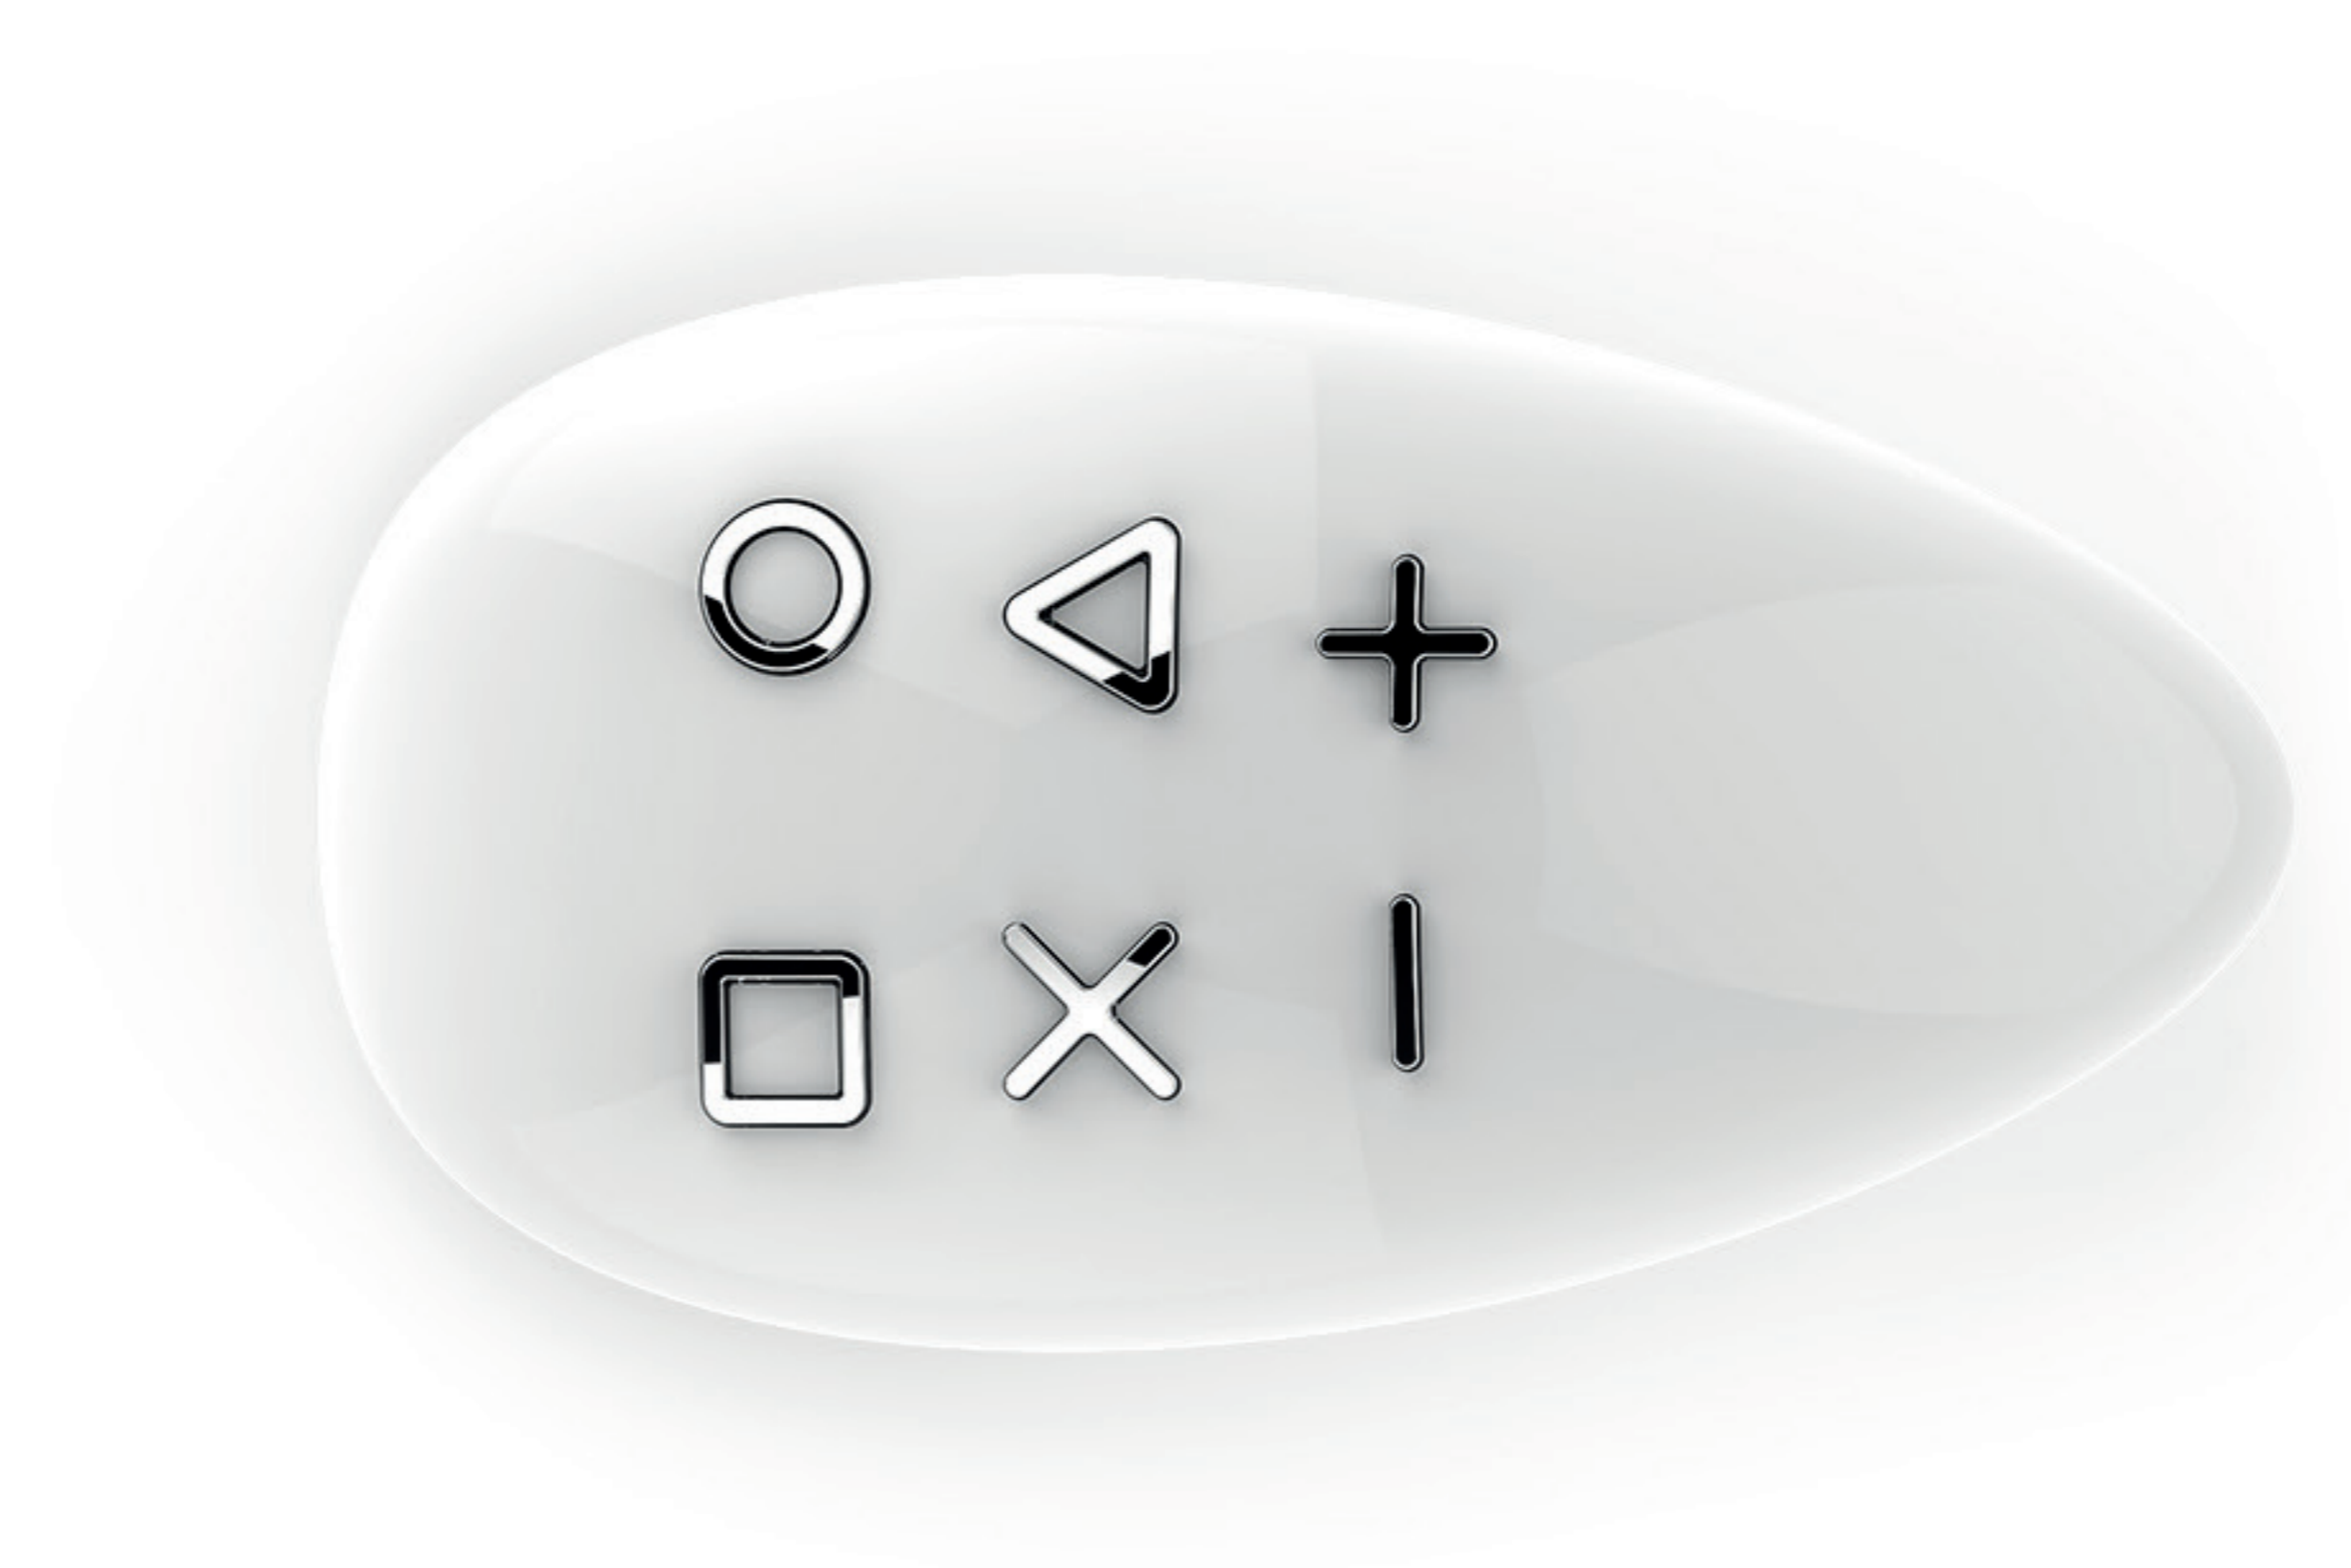

code PIN

# ONE CONTROLS THE WHOLE HOUSE

Control the lights, turn on the music, manage temperature, close the blinds and gates and open the door. Run virtually any KeyFob devices and scenes you desire.

# IRREPLACEABLE AT WORK

Designed for the home, KeyFob is just as invaluable at work. At home, the studio or at the office, KeyFob will quickly become your most valuable assistant, always ready to go.

# COMFORT AND SAFETY

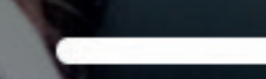

Upon arriving home, KeyFob can effortlessly open the garage, light up the driveway for your safety and comfort, and disarm the alarm in your home. Each of these actions can be triggered independently or with a single click that can launch the whole sequence of actions as one particular scene.

# OPENS THE DOOR BEFORE YOUR EYES

Open electronic locks, when you come home or when your friends are at the door. Open up a new dimension of convenience, while maintaining the highest level of security.

# MAKE LIFE EASIER FOR YOUR LOVED ONES

Access to daily domestic responsibilities is not just a convenience. Give your family more than just comfort. Give them the joy of a smoothly functioning home.
